SOLVE is the leading market data platform provider for fixed income securities. Industry-leading buy-side and sell-side firms trust the AI-driven SOLVE Market Data Platform to issue, value, and trade complex and illiquid securities. Through SOLVE data, insights, and tools, they gain unparalleled market transparency, reduce risk, and save hundreds of hours across front-office workflows.

## ✓ SAVE TIME

Save hundreds of hours in data research, analysis, issuing and trading

*“What used to take us 3 to 5 hours now takes us seconds.”*

## ✓ REDUCE RISK

Gain confidence, know where to price a trade and meet your regulatory requirements

*“The depth and breadth of data is unparalleled.”*

## ✓ BUILD YOUR BUSINESS

Bid more deals, identify trade opportunities and generate more revenue

*“We used to bid 5 deals and now we can bid 15 in the same time.”*

Trusted by Leading Financial Institutions :

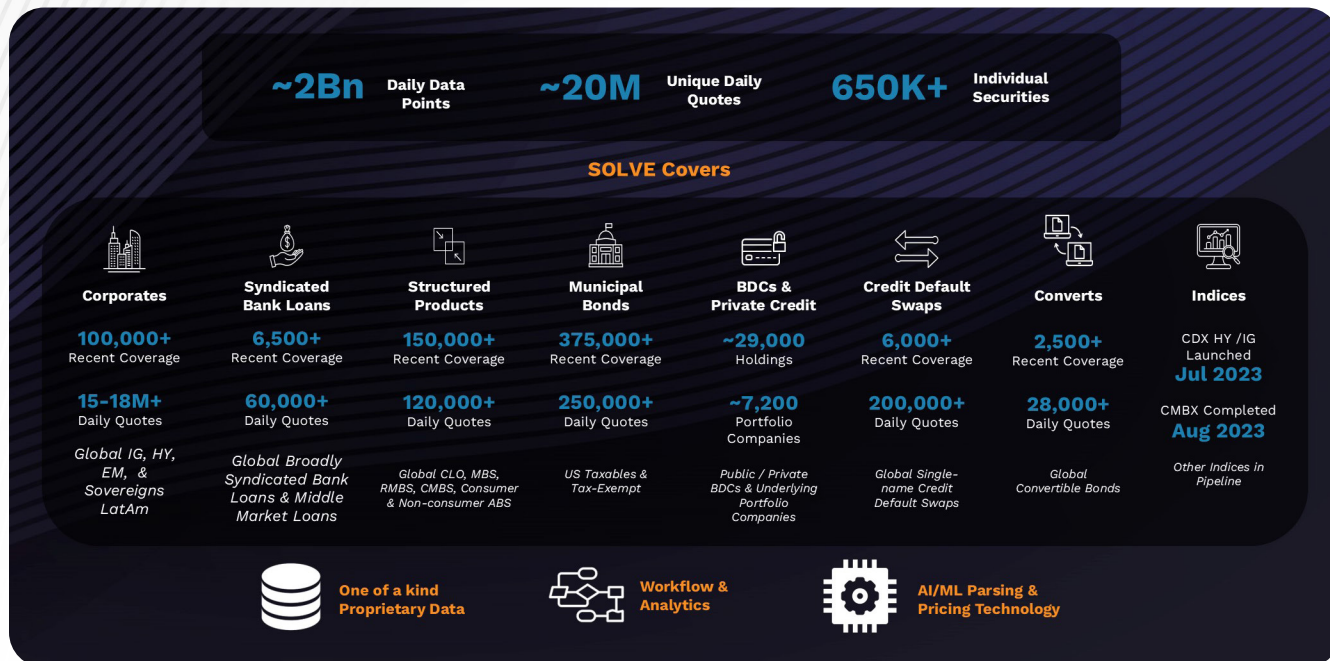

Morgan Stanley

## SOLVE Fixed Income Data, Analytics & Workflow Tools

The SOLVE Platform represents a powerful combination of data, analytics and workflow tools that save time, reduce risk and drive the growth of your Fixed Income business. SOLVE aggregates, curates and delivers the most complete set of pre- and post-trade data available in the market. Traders, portfolio managers, risk, pricing, investment banking, and private credit professionals across the buy-side and sell-side leverage SOLVE for predictive pricing, relative value analysis, compliance reporting, and more.

### SOLVE's Powerful analytics, workflow tools, and feeds are fueled by our proprietary data – amassed and curated by NLP, AI, and ML.

### Flexible and Interoperable

- Quickly connects with your messaging systems without requiring IT
- Easily integrates with your existing data feeds, ticketing systems and processes so you can work the way you want to
- FIX, FTP, and API - feed delivery options available
- Excel Add-In brings data directly into your models

*"We didn't have to use our IT department, which made the implementation very easy."*
