

SOLVE Quotes™ Structured Product Data in INTEX

All Your Structured Product Pricing in One INTEX Screen

SOLVE's industry-leading BWIC, Dealer Inventory, and Market Color platform is now seamlessly integrated into INTEXCalc, bringing unprecedented efficiency and transparency to Structured Products markets. This collaboration combines SOLVE's unparalleled market data and analytics capabilities with INTEX's robust platform for Structured Finance analytics. The integration empowers users with a unified, streamlined workflow, eliminating

the inefficiencies of switching between multiple systems. With direct access to SOLVE Quotes™ data within INTEXCalc, users can analyze market trends, execute custom scenario analyses, and filter critical data in real-time.

Whether you're managing portfolios, trading securities, or conducting in-depth analysis, this partnership equips you with the tools to gain deeper insights, make informed decisions faster, and stay ahead in the competitive Structured Products landscape.

ACCESS REAL-TIME AND HISTORICAL BWICS, DEALER INVENTORY, AND MARKET COLOR FROM SOLVE DIRECTLY INSIDE INTEX.

Key Benefits

See and act on structured product data faster

- View real-time BWICs, historical pricing, and dealer inventory within the INTEX interface
