

SOLVE for Sales & Trading

Clarity Powered Through Millions of Data Points

Sales & Trading desks win on speed, confidence, and trusted insight. SOLVE delivers clarity across corporates, munis, loans, and structured products by aggregating millions of daily quotes and trades into actionable market data. Professionals use SOLVE to find liquidity, move risk, and build stronger client relationships with transparency.

Why It Matters

- **Trade with Confidence:** Access aggregated bid/offer quotes and comparable trade activity across the market.
- **Deliver Transparent Market Color:** Strengthen client dialogue with explainable, trusted data.
- **Move Inventory Faster:** Match BWICs, dealer axes, and inventory to client portfolios in real time.
- **Stay Ahead When Markets Are Thin:** Use custom searches, alerts, and predictive Px signals to spot levels and opportunities others miss.
- **Fuel Desk Efficiency:** Organize pre- and post-trade market data into one trusted source for pricing, execution, and strategy.
- **Power Quant & Automation:** Feed clean, structured data into models and trading engines to support electronic execution.
- **Build Client Trust:** Demonstrate transparency and depth with comparable bonds and structured insights that clients can act on.
